

Bottom Paint

COPPER PRO SCX 67™ BOOSTED ABLATIVE

Copper Pro™ SCX™ 67 provides extended antifouling protection against barnacles, algae and hydroids in salt and fresh water on boat bottoms only. SCX™ - SLIME CONTROL XTRA™ - acts like a sunscreen to prevent slime and algae. Its ablative copolymer base renders a smooth finish with durability and abrasion resistance. Copper Pro™ SCX™ 67 releases biocide by the constant exposure of new paint film to the water. Copper Pro™ SCX™ 67 has universal application over all types of properly prepared bottom paints (except aluminum). For use on fast fiberglass boats, as well as wood and steel hulls, extended protection is possible, since performance is directly proportional to the amount of paint applied.

COPPER SHIELD SCX 45™ BOOSTED ABLATIVE

Copper Shield™ SCX™ 45 provides extended antifouling protection against barnacles, algae and hydroids in salt and fresh water on boat bottoms only. SCX™ - SLIME CONTROL XTRA™ - acts like a sunscreen to prevent slime and algae. Its ablative copolymer base renders a smooth finish with durability and abrasion resistance. Copper Shield™ SCX™ 45 releases biocide by the constant exposure of new paint film to the water. Copper Shield™ SCX™ 45 has universal application over all types of properly prepared bottom paints (except aluminum). For use on fast fiberglass boats, as well as wood and steel hulls, extended protection is possible, since performance is directly proportional to the amount of paint applied

KOLOR™ BRIGHT COLOR BOTTOM PAINT

KOLOR bottom paint has the cleanest, brightest colors and the most selection for bottom paint on the market today. Not only do we have the whitest white and the blackest black, we also have 100's of color combinations to choose from. Combine all of that with a multi-season self polishing ablative copolymer, and our KOLOR bottom paint line is as effective as it is clean & vibrant. KOLOR provides antifouling protection against barnacles, algae & hydroids in salt & fresh water on boat bottoms only. KOLOR has universal application over all types of properly prepared bottom paints. For use on fiberglass, aluminum, wood & steel hulls.

COPPER SHIELD 45 UNO™

Copper Shield™ 45 UNO provides antifouling protection against barnacles, algae and hydroids in salt and fresh water on boat bottoms only. Its ablative copolymer base renders a smooth finish with durability and abrasion resistance. Copper Shield™ 45 UNO releases biocide by the constant exposure of new paint film to the water. Copper Shield™ 45 has universal application over all types of properly prepared bottom paints (except aluminum). For use on fast fiberglass boats, as well as wood and steel hulls.
