

# PRESTA COMPOUND CLINIC

Presta Products offers a complete line of products designed to produce outstanding results and improve shop productivity. After one use, you too will say that Presta is "The Finest of Finishing Products."

At the clinic we will go through the complete paint finishing system from compounding to polishing to glazing.

The Presta System has many advantages over their competition. It is extremely easy to use, it is cost effective, there are NO FILLERS and it is water-based. This is a bulletproof system.

**Are your current compounds not cutting it for you?**

**If not then come to this FREE clinic and learn what will!!**
