

Dust Extraction

CT Mini Dust Extractor

For non-hazardous dusts

- 2.6 gal (10 L) capacity
- - Low weight and small size, so you can work clean anywhere, to save cleanup time and extend the life of tools and consumables

CT MIDI Dust Extractor

Built with the installer in mind, the CT MIDI is ideal for anyone who requires full suction capacity in a light-weight and compact design. Perfect for the jobsite or the workshop. A good dust extractor keeps your work area clean and the air you breathe dust-free. A clean work environment saves clean up time, and will keep your customer happy when the job takes place in their occupied home. And by extending the service life of tools and consumables, a good dust extractor will directly improve your profitability.
