

K-Type Polyurethane is a tough and durable polyurethane varnish for marine applications.

K-Type Polyurethane combines a long wet edge with quick through drying allowing the largest of vessels to be brushed or sprayed without dusty overspray problems. A full range of gloss levels for wood finishing.

K-Type Polyurethane finds uses in the decorative field including interior and exterior wood finishing and also in other applications where its great abrasion resistance, toughness and gloss retention make it a popular choice.

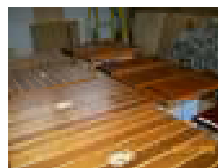

Containers: 1 Liter
Application: Brush, Roll, Spray
Dry Times:
Touch Dry: 2 hours @ 72F
Hard Dry: 8-16 hours @ 72F

Excellent Gloss Retention

Durable

Excellent Abrasion & Chemical Resistance
