### **Providence Lacquer Announces its Participation in the Providence Boat Show**

Providence Lacquer announces its participation in the 2006 Providence Boat Show held January 12 – January 16 at the Rhode Island Convention Center. Brian Keough, President, said, “Everyone at Providence Lacquer is excited about introducing our HMG Marine Coatings to the boating industry.” At Providence Lacquer we have a tradition of searching the globe to get the best. In that tradition we are proud to carry the paints from HMG Marine which some say is “the best-kept secret in the marine industry.”

The Providence Boat Show is now in its thirteenth year and since its inception in 1992, has become one of the largest indoor boat shows in New England. It is the first show of the boating season.

So come and escape the winter weather and come to the Providence Boat Show.

Stop by booth 436.
