

Features & Benefits

TEKNA

Feature	Advantage	Benefit
Precision matched nozzle and needle.	Optimal performance. Reduced set up errors.	Better paint jobs. Saves time.
Easy trigger pull.	Reduced fatigue.	Improves productivity.
Lightweight.	Reduced fatigue.	Improves productivity.
13" base coat cap pattern.	Faster. Improved productivity.	Saves time. Increased profits.
12" clear coat cap pattern.	Faster. Improved productivity.	Saves time. Increased profits.
Low inlet pressures. (base = 12-22 PSI, clear = 22-26 PSI)	Low energy consumption for HVLP. Works with a wide range of air systems.	Saves money.
