

Its name is **SATA** - SATA® jet 3000™

Licence For The Future

Jetstream:

- Newly developed nozzle concept for even higher color match precision and homogeneous material distribution
- Wide and even fan for higher work speed
- Perfect for the application of base- and clearcoats
- Even better surface quality for spotless finish
- Finest material atomization
- Ensures excellent painting results

Countdown: VOC-Compliant Equipment

- Suitable for all waterborne and solvent-based material
- Complies with all VOC regulations with regard to solvent reduction and material savings – for the sake of our environment
- Transfer efficiency rate > 65 %
- Low overspray atomization
- Switch to waterborne materials, switch to SATAjet 3000

Chrome Fever: High-Brilliance Gun for Brilliant Results

- Fully chrome-plated paint spray gun
- Chrome is wear-resistant and retains its value
- Chrome is corrosion-proof – even with waterborne materials
- Chrome is as valuable as gold – both visually and technically
- With its elegantly refined finish you will always make a brilliant appearance

FOCUS ON THE FUTURE: SATAjet 3000

Chrome Finger: The Perfect Extension of your Own Hand

- A well-balanced gun in state-of-the-art design
- Perfect ergonomics for fatigue-free work, e.g. optimized center of gravity, lower triggering forces
- Every step turns out just right: easy handling and operation
- CCS - for individual labeling, personalization

One Name, Two Systems. Choose your Weapons:

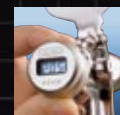

- SATAjet 3000 HVLP:**
- The SUPER SAVER

- SATAjet 3000 RP™:**
- The SUPERFAST ONE

- DigitalEye:**
- Now you've got a grip on pressure, for precise color match adjustment (optional feature)

- or **DIGITAL** as accessory - **SATA adam:**

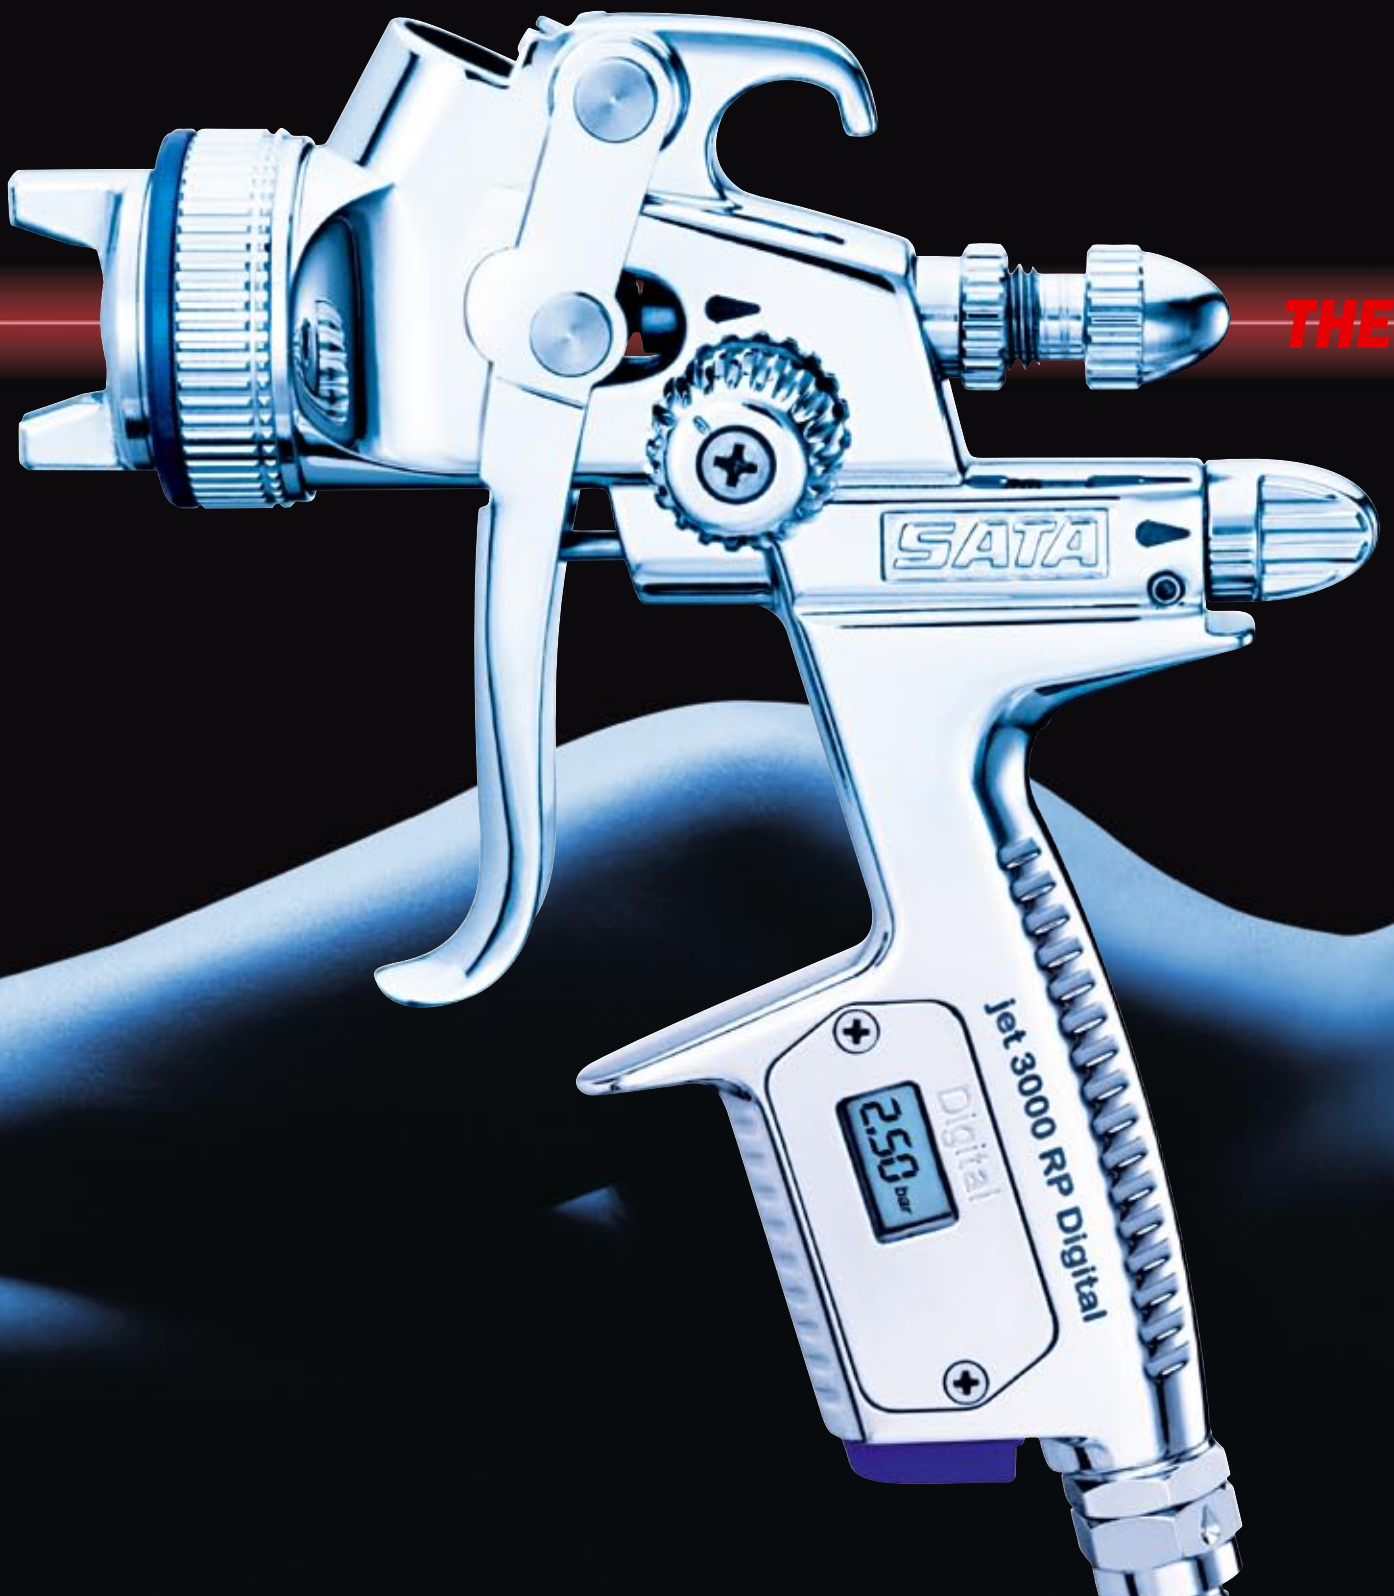

- Digital pressure gauge for standard spray gun version

- SATA RPS Disposable Cup System:**

- For painting, refilling and storing
- Few components, fast, easy and safe handling

SATAjet 3000

THE END

Designed for the Future:

- Top class premium technology "Made in Germany"
- Easy cleaning and servicing
 - Chrome-plated gun body
 - Replaceable air distribution ring
- Self-adjusting packings
- Low-noise spray fan
- QCC, patented closure for rapid, clean cup replacement
- Safety due to quality check: piece by piece
- Controls operated with one hand only: Fan control for right and left handed persons (conversion kit for left-handed use Order No. 134049 optional)

- Perfectly suitable for the use with SATA RPS disposable cups
- Top-notch quality is just not enough – we also guarantee it: 3-year warranty!
- No chance for copycats: SATA authentication label

ENHANCEMENT OF A PREMIUM CLASS PRODUCT
