

Standocryl® 2.1 HS Clear.

The high appearance clear for VOC compliant paint systems in California.

Standocryl 2.1 HS Clear is a high appearance clear for VOC compliant paint systems in California.

It is a true Standox clear with exceptional holdout. It's also the ideal addition to the current productive 2.1 Clear Coat. Standox customers now have a "clear" choice.

Features and Benefits

- Delivers an outstanding and lasting appearance.
- Designed for shops that value the extra gloss.
- Easy-to-apply.
- Initial appearance equals final appearance.
- Versatile. It uses the current Standox 2.1 Hardeners, which offer a wide range of application additions.
